TUSCAWILLA MERCURY 20th—This bull has been undefeated in its class in six shows, including the State Fair of West Virginia, the Atlantic Rural Exposition and the North Carolina State Fair, in all of which competition was keen and of high quality. The bull is a proven breeder, we have several heifers safely settled to it at present. The dam of this bull was a class winner at the 1950 Congress Show and likewise had some nice wins, including a couple of Championships while in our show herd. The nick between Calrossie Mercury sons and females of O. A. C. Ransom breeding has been a good one. We bought the bull's dam principally on account of our desire to breed Ransom blood to Edellyn Reserve Mercury, although the maternal bloodlines are likewise excellent.

OAK HILL DORRIT 27th—A very breeding kind of a heifer sired by the \$3300 Edellyn Royal Leader 55th, he of course by the All-American favorite, Edellyn Royal Leader, and out of the great breeding cow, Collynie Princess 51st, she also being the dam of Edellyn Campeon Mercury, the great Sni-A-Bar bull and Edellyn Peerless Mercury, the Curtiss Candy Co. bull. On the dam's side of this pedigree can be found much of the breeding that was used in the great Shorthorn herd that was maintained by the USDA. Also can be found some of the good Edellyn Goldfinder breeding. Oak Hill Dorrit 27th is selling bred to Lynnwood Metaphor, our young Polled Shorthorn bull who is a grandson of the great Edellyn Royal Leader 2nd, and whose first calves are outstanding. Bang's Vaccinated.

STANDARD GUARANTEE

OF

AMERICAN SHORTHORN BREEDERS ASSOCIATION

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
5. All animals are sold to comply with the laws regulating Tuberculosis and Bang's disease of the state or country into which they may be shipped.
6. Certificates of registry and transfers will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.
7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.
All animals sold in this sale will be backed by the above Standard Guarantee.
As a safeguard to prospective buyers, every animal has successfully passed a clean abortion blood test within 30 days prior to the sale, or will have Certificates of Bangs Calfhood Vaccination, and those that are not from Accredited herds have passed a clean Tuberculin test within the same period. Health certificates will be provided with each lot sold.
